Each Member shall be restricted to no more than 10 Lots, the description of which, and the price sought should be listed on the prescribed form. A "Lot" can be several complementary items (e.g. loco, transmitter and charger, or set of three wagons) but in such a case will be sold as one transaction and not sub-divided. No Lots will be accepted for sale priced at under £5. All items for sale should be labelled with a tie-on label and display Sellers Name, Association Membership Number, Selling Price and Lot Number. For a "Lot" of complementary items, every item in the Lot should have its own label with the additional information (1 of 3; 2 of 3 etc).
Magazines, Videos, and any other "lucky dip" items will not be accepted for M2M sale.

A commission to the credit of the Beds Area Group shall be levied on each Lot sold. This commission will be calculated for Cash and Cheque Sales at 10% or for Card Sales at 12% of the selling price per Lot up to a maximum of £100 for cash and £120 for Card. If a seller does not wish items to be sold by Card payment they can mark their Sales Form accordingly. If an item is sold by Card, the proceeds will be paid by Cheque on the day or Bank Transfer within 48 hours.

It is understood that a member may wish to assist the family of a deceased member with the disposal of assets. Only where the vending Member can give the last membership number of the deceased member will the Commission be reduced from 10% to 5% to a maximum of £50 and from 12% to 7% per to a Maximum £120, for those Lots specifically identified. The Lots should be listed on a separate Deceased Member Sales Form.

Beds Area Group members must present their items already labelled along with a completed Sales Form at the M2M sales area ASAP.

Association Members who are not Beds members should collect their sales form and M2M Rules from the M2M Steward. The Rules should be read before entering items for sale at M2M Sales. No exception to these Rules will be considered. They should complete the Sales Form with details of each item for sale. Where possible items should be prelabelled before arrival at M2M Sales. Vendors open to "offers" on individual "Lots" should ensure that they write a mobile phone number on their booking in form to enable them to be contacted during the day.
