

Trains for Marie Curie news: May 2016 and a Milestone passed

Despite some extremes of weather Somesay island Railway has operated some form of service on 4 separate days during the month. In consequence, we can report that, thanks to everyone's generosity, Marie Curie Cancer Care has now benefited from Somesay Island Railway activities to a total of over £50,600.

Thank you everybody.

We shall be looking to organise something a little special by way of a celebration for passing this milestone, on at least one of the days of the August Bank Holiday. This will almost certainly include a new Timetable, to accommodate some new traffic, and to challenge those who have become blasé about the current one. We hope that as many as possible will join us over that weekend (**Saturday August 27th, Sunday August 28th or Monday August 29th**).

Expect more details in due course.

In the meantime, and whilst the opportunity is (just) still there, you might find it (mildly) amusing to go into the Radio Jersey section of BBC Iplayer, and the Cameron Ward programme of Saturday 7th May, (<http://bbc.in/1UxY39y>) when, at around the 2hrs 40 minutes point on the tape there is an interview, trailed as "A trip by rail around a Channel Island you didn't even know existed".

Looking forward to seeing you

Martin and Liz

p.s. Radio Jersey just rang up out of the blue.

p.p.s. I am conscious that you may receive this message more than once: another "Golden Jubilee" task is to rationalise my address lists to eliminate duplications. Sorry if it irritates.

Somesay Island Railway / *Chemin de fer de l'Île d'Orléans* operating services for "Trains for **Marie Curie Cancer Care**"
